

Sub: Kalyania Covid Relief Funds from ASHA

Dear Anish

I appreciate your concern for Kalyania Covid Relief Funds. You must be aware that during 1st phase of lockdown of Covid 19, last year, Kalyania managed to deliver with the assistance of Asha and several other benevolent persons and organizations –

- 2 phases of foodgrains and nutritional supplement distribution for all 400 students of Kalyania SSN, Kalyania art School and Kalyania Coaching Centre for Girls.
- We also distributed 900 packets of cooked food amongst brick field worker and daily labours who lost their jobs during lock-down.
- Organize several camps for Covid 19 and distributed masks, sanitizers, face shields and awareness pamphlets.

All such activities are documented.

This year during 2nd phase of lock-down which has been imposed to combat 2nd wave of Corona, crisis in hospital beds, oxygen supply, emerging as major problems in India. Within our limitations we are planning to add two more additional projects in present situation-

In addition to previous year activities, we have planned to procure two more Oxygen cylinders with accessories and to oxygen concentrators for which we have already approached Asha for Education, USA. We have already introduced one community kitchen where from we are distributing 50 packets of free cooked hygienic food for home isolated covid 19 patients. We are planning to run it at least for two months. We have plan to combat oxygen need of our Old Age Home COPD & heart patients through Oxygen Concentrators we are suppose to receive from your end and all five oxygen cylinders (2 new cylinders recently procured and 3 previously procured Oxygen cylinders of Kalyania Old Age Home) will remain available for Covid 19 patients 24X7.

Hope with your assistance and sympathy Kalyania will serve community to fulfill its commitment.

A. Budget regarding Covid Relief materials (Foodgrains) for distribution amongst SSN, Art school and Coaching students					
Sl. No.	Item	Rate	Count	Times per year	Total
		INR			INR
