

Minutes of Special Asha-Delhi Meeting

A special meeting of Asha-Delhi was held at the residence of Ravi at IIT Delhi on 12.4.14 at 5 pm. Ravi, Sangeeta and Rohini were present. Other members could not attend owing to other commitments.

The meeting was specially called to discuss the site visit report circulated by Rohini in Asha-Delhi e-group and consider approval of the continuation of funds. Rohini explained the scenes of the site visit and expressed mixed opinions: while the group is persistently working in difficult areas where it is difficult to get teachers on a sustained manner, increasingly they need to be told to ensure availability and training of teachers.

After deliberations, it was decided that since discontinuation of funds could result in project getting stalled, and since the project was otherwise doing well, the funding be continued, but the organization be repeatedly told to improve the state of affairs in its sites.
