

ISC Pune Site visit Report

On December 14, 2016 Aparna Geet, Rahul Kashikar and Prachi Dixit made a site visit to ISC Pune.

Report written by Aparna -

We visited ISC Pune on a day when schools had a holiday. During our previous visit we had had a chance to see the ISC workers in action in the schools.

We got a chance to see a support class taking place at the ISC building. Even when the school was out, children were present for the class -

During this visit we had a chance to have a meeting with ISC officers and workers to discuss following issues in depth.

- the financial issues and deficits that ISC is facing
- Potential solutions to raise more funds and attract more donors
- improvements in communication methods and skills to enable ISC to effectively communicate with the current donors and to potential donors

This meeting was very productive. Since the site visit ISC has taken up our suggestions to improve the communication skills and outreach skills.

ISC has been actively sending us progress reports for the last two months to communicate the highlights of their

efforts and activities.

ISC also has been taking efforts to update their Facebook page more often.

We also had a chance to see the preparation efforts for the upcoming sports day for the children.

We got an opportunity to chat with field staff who keeps track of progress of children in reading program and understand the system they use to keep the progress -

We received information from Kranti about girl child gift basket program.

Display Board used to encourage children to participate in “read to learn” program.

Conclusion -

We were pretty happy with our visit and the responsive nature of ISC staff to all our queries and suggestions.

We strongly felt appreciation for the efforts ISC staff makes to improve life of the communities and children they serve.
