Interpretation about Marudhupandy

Marudhupandi joined in our Learning center on 04th December 2008, he is 19 years old, His father is Mr. Subramani, Mother Mrs. Kala. He is from Thazhangunam Village.

Marudhupandi has no educational exposure, He has epileptic convulsion from his childhood. Very often he get affect with the fits. Always he founds with saliva discharge from his mouth.

If we lose his shirt buttons, he is not able to put it again in order, he use to cries that he is not able put the buttons. He is not able to eat properly, if we provide him the food with the plate, most of the food he spills in the floor.

He becomes angry very often, if he got angry he will hide himself under the table. He uses to throw the table. If he is not got the thing he wishes he uses to beat even his father and mother. Even he is not able to speak Amma, Appa.

Our Learning center intervention developed the boy. His epileptic convulsion is controlled; the saliva discharge in the mouth is controlled. He became independent in his daily living, he can able dress the shirt and pant. He can able to eat in a neat manner, now a day he is not spilling the food in the floor.

He can distinguish the colors and shapes, he can able to tell up to 20 words. He can identify the rupee notes and arrange according to the values of the rupee notes. He can do the small shopping like buying milk and grocery items.

He can tell the Tamil alphabets m to .: he can reply to our question by saying yes or no. He can copy the Tamil letter f to d, he can copy his house address, he can write his name, he can copy the numbers 1 to 10. He can identify the long short, big & small. He can count up to 30 numbers / articles. He can able to fix all type of peg boards.
