To,

Mr.Guru Mathur,
Asha for Education.

Dear Sir,

Greetings from the Staff and Children of Santhi School for the Deaf. As per your suggestion Dr.P.Kalyani, Professor & Head Department of MCA, Institute of road and Transport Technology, Erode visited our School. Thank you very much for your quick arrangement. By your help and blessings our 10th standard students are writing their exams well. We are getting salary grant for Special Educator, Speech therapy assistant, Office assistant. Every year we are giving 10% increment to the above staff. Same like, this year also we decided to increase the salary of 10%. You please consider this request. Then for the above three staff we deduct the Employment provident fund for their better future. Our Management also contribute one share of E.P.F Because of some lacking of local donations, management feel difficult to contribute. So, you please consider our employees future and contribute the E.P.F to the 3 staff. They will work effectively and happy.

In our school we have 4 sets of computers for children. But we are not having computer instructor. If we appoint one computer instructor, our hearing impaired children will learn computer and get bright future. So, you please increase your help, salary grant to one computer instructor. We attach the Proposed Budget for your kind reference. In this proposal we additionally include one computer instructor. You help our Hearing Impaired as possible. We are waiting for your favorable reply. By your kind help our students are self sufficient. On behalf of Gandhigram Trust, Parents, Staff and children, I thank you very much for your active participation in our service. We always pray for you and your team.

Thanking you with kind regards,

V. Saravanan
