IMAGE & VISION

Over two decades, Glo Life Care Equipments (GLCE) under its celebrated brand name REPROVEND has built a matchless reputation for innovation, precision and economy in vending machine engineering.

A truly Indian concern, GLCE combines product excellence with comprehensive after-sales service, the reason why even today GLCE is regarded not merely as a manufacturer but as a trusted source of assistance and advice ; a true measure of GLCE's all-round integrity, professionalism, experience and reliability, GLCE has spread its wings into VENDING in synch. with the changing lifestyles and aspirations in Urban/Rural India.

REPROVEND-FH is a coin operated automatic sanitary napkin vending machine and is an electro-mechanical marvel with enormous versatility. It is manufactured to international standards with a high rate of reliability built in and proven through performance.

Traditionally, most products are sold through retails outlets, But today, we need more convenient outlets to reach new clientele. To make products more easily and regularly available, the sale of products can be through Automatic Vending Machines. The distribution outlets are increased thus expanding the customer base and reach.

WHERE REPROVEND HYGIENE VENDING MACHINES CAN BE INSTALLED

- Girls schools & Colleges
- Airports, Railway Stations & Bus Stands
- Internet Parlours & Telephone Booths
- Hospitals, Nursing Homes
- Theme Parks
- Shopping Malls
- Export garment Houses
- IT Corporates, Offices & Factories
