

REPORT FOR ASHA SILICON VALLEY PROJECT PROGRESS REPORT FOR

KODERMA OUTREACHE CENTRE

PROGRESS REPORT FOR NOVEMBER 2020

Team at Rescue Junction in building at Koderma

PROJECT ORIGINAL AIMS AND CONCEPTION

Koderma is a station about 50km to the east of Gaya and Rescue Junction . It a major station on the main Delhi to Calcutta Railway line and is situated in the middle of an extremely poor mostly tribal area.

The proposal is to establish a small outreach centre with, drop in centre offering education, support and care , and the ability to intercept trafficked children working closely with the police and local authorities much on the successful Rescue Junction model . This early intervention approach has proved to be the key to prevent children “disappearing” in to child labour or prostitution. Rescue Junction has a remarkable record of rehabilitation of these children and reintroducing them to the education system.

Rescue Junction Koderma

PEOPLE FIRST EDUCATION CHARITABLE TRUST (GAYA)

• Facts About Coronavirus Outbreak

• Do's

- 1. Hand Wash
- 2. Cover Your Mouth & Nose
- 3. Consult A Doctor If Sick
- 4. Stay Indoors

• Don'ts

- 1. Avoid Close Contact With Anyone
- 2. Do Not Spit
- 3. Avoid Using Public Transport
- 4. Do Not Use Over The Counter Medicines
- 5. Don't Panic, Take It Easy
- 6. Don't Touch Your Face

PROJECT PROGRESS

Rescue Junction Koderma is playing a vital role for the children who is really in need for care and protection specially for the children who is either tribal community or Dalit community. Because of poverty its also risky for the children for trafficking for child labour in this areas.

Rescue Junction is closely working with the child welfare committee and district child protection unit in Koderma and always making awareness among the children and community for risk factor of children whose family sent his child for child labour because of poverty.

Our team always available at Railway platform and watching if children sent for work we just approach to Railway Protection force for stop the trafficking and take legal action again trafficker.

During Pandemic

During `covid -19 when everywhere was lock down and no body was moving and all the migrant labour returned back to home and they totally lost their work than all of sudden risk factor has been increased for the children for trafficking than we have taken initiative to provide them food materials for the family whose children was in contact with Rescue junction Koderma and reduced the child trafficking risk in Koderma and this Rescue Junction project play vital role to provide the food during pandemic and became highly demanded project in urban areas because its really tough life in urban areas specially among family who use live in Slum near Railway station.

OTHER MAJOR MILESTONE FOR RESCUE JUNCITON KODERMA

When all of sudden lock down in the country was called than many migrant labour and their children came from different part of the country and also many children has returned from the work who was earlier went to work as a child labour and when they arrive at Koderma railway station than Rescue Junction provide them temporarily shelter during their quarantine period where no special quarantine centre was available for the children and provide the details to child welfare committee so the children can be tracked and at least follow up should be made.

Rescue Junction Koderma is always working for upliftment of lives of children and providing counselling of the children as well as family of children who is living in slum and they have risk for trafficking for child labour because of poverty.

LIST OF BENEFICIARIES

This is the list of children who has been supported by the Rescue Junction Koderma .
