Project Quantification (V1.2)

This **Project Metrics** form collects Input Metrics related to each project i.e. details around the beneficiaries of a specific project, certain key impact metrics of a project to assess impact and evaluate project operations aspects and projects sustainability.

This form needs to be filled annually as a part of the checklist process to disburse funds for the new academic year and should be done once every year. The form is to be filled by the project steward or a chapter volunteer with sufficient interaction with the project partner. This form must not be filled by a non-Asha volunteer.

Going through the following ARC proposal will help prepare the answers before filling the form:

<https://wiki.ashanet.org/display/COORD/Collecting+Input+Metrics+annually+from+all+Asha+Projects>

INSTRUCTIONS:

1. Keep all the required information (based on the questions in the ARC) ready before trying to fill the form
2. Follow other question specific instructions and examples in the form.
3. If a project partner is involved in work along more than one project type (see categories in the ARC):
 - (a) If the set of beneficiaries is the same, fill the form only once, selecting all the relevant project types.
 - (b) If the sets of beneficiaries are different for different project types, fill separate forms for each set of beneficiaries

for each set of beneficiaries.

4. Overall, it is important to ensure that the number of beneficiaries and budget does not get double counted anywhere in the whole process of filling the Project Metrics forms.
5. Create a pdf of the form once submitted (an email from projects@ashanet.org is sent automatically) and upload to your projects page with the right identifier as Project Metrics Form. This should be linked to the checklist with a dropdown menu for the latest submission.

[Please email projects@ashanet.org with subject line "Project Metrics Query" if you have any questions regarding the form.]

How many forms do I need to fill for a project partner? See this example...

Let's say Asha is funding an NGO partner XYZQ for three projects:

A: Primarily Teacher Training

B: Support for the trained Para-Teachers in Govt. Schools

C: Residential Facility and After-school Learning for 100 children (& not related to Project A and B)

In this case, the steward/volunteer will fill two forms.

Form #1 will be for projects A and B combined as beneficiaries are the same for the two projects. The form must contain only details around Teacher Training and Para-teachers projects. Since this form is not intended to collect impact metrics, the number of children indirectly benefited through the para teachers should not be entered.

Form #2 will be for Project C as the set of beneficiaries is different from the others and will contain details for Residential Facility and After-school/Supplemental Learning.

What are the Project's short-term (1-2 year) goals? *

The primary aim of Rescue Junction is to provide a safety net to the street children and prevent them from being subjected to child-abuse and child-trafficking. It provides education and support and counseling 24 hrs a day to the rescued children, and those in conflict with the law. It also reunites lost children with their families and has a full time child protection and legal services officer to help the vulnerable children. Further, the project strives to raise awareness of the plight of these children, and increase the involvement of local people, government, and the international community.

What are the Project's long-term (5+ years) goals? *

The Trust aims to work with the most marginalised members of the community and help create a safer environment for all children , especially vulnerable children, and to provide support and encouragement to help improve their living and social conditions, through rights based and ethically sound education, empowerment programmes, vocational training, protection and care and financial independence initiatives in order to help them recognise their importance and value as a responsible individual within civil society.

The project goals are:

1. Child protection, basic health care and education
2. Community awareness programs
3. Juvenile justice and child rights
4. Involving the government particularly (but not exclusively) at the local state level

Number of years with Asha *

Some Common Questions

Project Type Description

FORMAL SCHOOLS - Projects that support the running of formal schools for children in rural and urban areas.

SUPPLEMENTAL TEACHERS/PARATEACHERS - Funding supplemental teachers, teacher's aides, classroom assistants who are generally responsible for specialized or concentrated assistance for students in elementary and secondary schools

TEACHER TRAINING - Designed to equip teachers with the knowledge, attitudes, behaviors, and skills they require to perform their jobs

VOCATIONAL TRAINING - Vocational training programs cover a broad range of subjects from Computer training, tailoring, bee-keeping, agriculture (growing of certain plants), screen printing, carpentry, making greeting cards etc

AFTER-SCHOOL/SUPPLEMENTAL LEARNING - After school support centers provide supplemental learning to compensate for poor quality education provided in the government school.

RESIDENTIAL FACILITIES - Asha supports projects which are residential schools for children.

NUTRITIONAL ASSISTANCE - Providing nutritional programs

INFRASTRUCTURE DEVELOPMENT - This type of project is a one time expense, usually used towards infrastructure costs.

TEACHING AND LEARNING MATERIALS - Asha supports educational resource centers which aim to improve the quality of schooling provided by different schools (government and non-government).

AWARENESS CAMPAIGNS - These programs provide education that is aimed at raising awareness on various issues and creating an informed society.

SPECIAL NEEDS CHILDREN / DISABILITIES - Asha works with many schools that specifically reach out to children with various disabilities and special needs.

CAPACITY BUILDING - Capacity building programs for teachers and educators

COMMUNITY SERVICES - Projects that have worked on different initiatives that can have better overall impact on the community.

FELLOWSHIPS - Support is given to those whose work in time will have a large positive impact by creating an institution or a methodology.

HIGHER EDUCATION - For projects that support or provide support for needy/deserving undergrad or grad education programs or students in India (after class XII)

NON FORMAL EDUCATION - NFE centers are typically created for children who are unable to attend an entire day of school. Often these centers serve as a stepping stone to more formal education.

OTHER: If and ONLY if your project does not fit into the above mentioned categories, fill out the metrics described in the this section.

Please submit a SEPARATE form for each aspect of the overall project support. For eg, if the project funds Formal School and Vocational Training, submit a form for the Formal School section and a form for the Vocational Training section.

Percentage of budget supported by Asha *

What percentage of the project budget is supported by Asha?

(If the particular project supported by Asha (all chapters included) has an operating expense of INR 50 lacs, and Asha support (all chapters included) for the year is INR 50 lacs, the answer is 100%)

100

Percentage of project partner operating expense supported by Asha *

What percentage of the project partner's entire operating expense is supported by Asha?
(If project partner operating expense (both the program supported by Asha and other non-supported programs) for the year is INR 1 crore, and Asha support (all chapters) for the year is 50 lacs, the answer is 50%)

Special Needs Children

Please describe the type of special need

In Koderma, hundreds of street-children live on and around the station platforms. The children end up on the platforms due to a number of reasons. Some of them are orphaned children. Few are kids who have runaway from their homes due to abuse. Others are children separated from their kin during travel or because of kidnapping which is quite rampant in Bihar. The children on the railway platforms survive by begging, scavenging and rubbish-collecting. These children are at great risk from violence and abuse, including child-prostitution and trade in organs for transplants. Some of them also get involved in drug related activities. There is little or no government help for these children. Apart from People First, there is no other organization working with these children.

Please describe the type of service provided for the children

It provides a night shelter, washrooms, safe storage for their possessions, basic education and health care and vocational training to the rescued children. Many of the children, due to their difficult life on the platforms, initially find it hard to trust the staff or live in the confines of the rescue home. So Rescue Junction employs counselors trained in treating abuse related victims to help the children develop the trust and confidence. The project also provides legal services to the kids who were involved in juvenile crime and were locked under barbaric conditions in remand homes.

The Staff also interacts with the police, railway authorities and local people to try to enhance child protection. The Staff makes a very serious effort to locate the parents of children who were accidentally separated from them. This endeavor by Rescue Junction has been widely lauded by the government, local police and media.

Do they have regular assessments and medical checkup for the beneficiaries and monitor progress ?
